

EARLY DROP-OFF PROGRAM **For Groups III, IV, and V**

The ECLC offers an early drop-off program for children in Groups III, IV, or V. The program will be staffed by Sarah Elinson, one of the Nursery School teachers, and will include activities appropriate for 3-5 year olds. The hope in implementing this program is to provide a convenience allowing parents a greater opportunity to personally drop their child off at school. If your child is new to the school it is suggested that parents not start this program until your child is fully separated and comfortable in his/her new classroom.
